Dear Wyoming Citizens:

I strongly encourage everyone who is eligible to vote, to register and exercise their right to vote. Wyoming law encourages citizens to register and vote by allowing election day registration at the polls on both the Primary and General Election days.

Wyoming has a history of high voter turnout. Remember, it is your right and your responsibility to vote. Every vote is important and your vote can make a difference.

Max Maxfield
Secretary of State

Proposed Constitutional Amendments appear only on the General Election Ballot.

In order to pass, an amendment must be approved by a majority of those voting in the General Election.

Therefore, if you do not vote on a proposed amendment, the result is the same as a vote against the issue.

Proposed Constitutional Amendment A:

The adoption of this amendment would allow the governor to appoint nonresidents of the state to serve as University of Wyoming trustees. Not more than twenty percent (20%) of the appointed trustees may be nonresidents of the state. The governor would not be required to appoint any nonresident as a trustee. All appointments to the board of trustees are with the advice and consent of the Wyoming Senate.

Wyoming law requires that employees be given one hour off to vote on Election Day. However, there are some exceptions. The law does not apply to employees with three or more consecutive non-working hours during the time polls are open, and some federal agencies are exempt.
